Only last week Joe Fohn at White Auto Store was hit and luckily the suspects were picked up and the stolen items were returned. But since all suspects were juveniles they have to be handled with kid gloves.

However, the new Family Code does place a heavier load of responsibility on the parents of juvenile offenders. So I would advise all parents to read the code and see just how their children can get them into serious trouble unless parents keep a close watch on their children.

And the sad and perhaps tragic part of this whole mess is what "might be." Residents are getting jumpy and one of these nights there could very likely be a shooting of a would-be burglar or even an innocent victim. I hope not, but tension is too high for rational

criminal." No one wants to see an innocent person convicted for a crime he did not do, nor be abused by the law for something he didn't do. I don't believe in abuse at any time, innocent or guilty.

But I firmly believe that when a person-be he 13 or 90-wilfully commits a serious crime then he no longer has a right to claim that "the law is denying him his rights." In my opinion he relinquished those rights when he decided to do harm to his

The State Board of Insurance authorized "upward deviation" from standard rates

for those drivers whose records do not qualify them for either reduced or standard premiums. Phoenix Insurance Com-

pany of the 'i.u. ers Insurance Group made the first acceptable filing, providing a market for the high risk drivers at 35 to 115 per cent above manual rates for different classes of coverage.

Such drivers have been charged up to 300 per cent above standard.

First National Insurance Company of America (Safeco group) was also approved to provide coverage to higher risk drivers at an additional 15 per cent for all private passenger classes.

Sixty-nine companies have been granted Board permission to sell auto insurance at less than standard rates, and two have permission to sell at greater rates.

. . . in the City Council and School Board elections is always important, but this week's election take on a more urgent atmosphere.

Operation of both city and school, certainly, can always stand improvement. No institution can remain static and survive, therefore, our city and school must necessarily change in order to improve.

But, that does not mean we need radical changes, changes that will tend to disrupt the entire education process at the school and orderly operation of the city.

That is why every citizen in the city and school district must go to the polls Saturday and vote their convictions.

I, for one, hope those convictions show the majority to be for the continued orderly, progressive growth that both our school and city have shown over the past three or four years.

TEXAS INDUSTRY WEEK

... is in full swing in Hondo and citizens are urged to participate. It won't require a great amount of effort, just go by the City Municipal Building and view the displays and sign the register. They'll be there until noon Friday.

While you are viewing the displays stop a moment and consider where our city would be if we did not have the industry payroll we have. It would take a big chunk out of our population, our retail establishments, our schools, our churches, our other organizations.

So, on behalf of the people of the town, I want to say "thanks" to all the industries in the area, and of course this means the farming and ranching activities, for they have over the years been the "backbone" of our economy.

It seems that in reaching for an ad run by Mumme's Inc. last year, we picked up one on DEKALB and placed Mumme's name on it. So naturally, Maurice was a little upset. Don't blame him a darn bit, either. That's why I wanted to mention it here.

Phoenix Insurance Company of the 'i.u. ers Insurance Group made the first acceptable filing, providing a market for the high risk drivers at 35 to 115 per cent above manual rates for different classes of coverage.

Such drivers have been charged up to 300 per cent above standard.

First National Insurance Company of America (Safeco group) was also approved to provide coverage to higher risk drivers at an additional 15 per cent for all private passenger classes.

Sixty-nine companies have been granted Board permission to sell auto insurance at less than standard rates, and two have permission to sell at greater rates.

NORMAL TRAVEL SEEN -The energy shortage will ease enough by mid-June to insure a near-normal summer travel season in the state, according to Texas Tourist Development Agency projections.

The Sunday gasoline sales ban is the biggest factor in a six per cent decline in attendance at major Texas tourist attractions during the first two months of 1974, the tourist agency figures.

A paid political advertisement meets legal tests for identification of the newspaper carrying it if the name of the publication appears somewhere on the same page, so an interested party may readily ascertain the newspaper's location.

COURTS SPEAK - A \$238,250 judgement against General Motors in the death of a Houston woman who died when her new car plunged out of control was upheld by the State Supreme Court.

U.S. Supreme Court upheld Texas procedures for nominations of minority party and independent candidates.

The Court of Criminal Appeals reversed and remanded a murder conviction of a San Antonio man because a juror was informed the man had threatened to "kill again." Too much prosecution evi-

REPORTS RECEIVED -Plans from 222 state agencies for insuring equal employment opportunity have been received.

Thirty-eight of the state agency affirmative action plans have been approved by the Equal Employment Opportunity Office, and 184 are being reviewed. Only five state agencies have not submitted plans and policy statements.

APPOINTMENTS - Governor Dolph Briscoe named Dr. James W. White of Houston to the Veterans Affairs Commission to succeed J. Walter Janko of Somerville.

Other new appointments by Briscoe include J. H. Jemison of Houston to the Texas Cosmetology Commission, and Anthony Cangelosi of San Antonio, Robert Uhr of New Braunfels and Ross Forney of Renner to the Interim Committee on Small Business.

Thomas L. Toone, formerly of Balmorhea, was appointed to the legal staff of the secretary of state's elections division.

. . in the City Council and School Board elections is always important, but this week's election take on a more urgent atmosphere.

Operation of both city and school, certainly, can always stand improvement. No institution can remain static and survive, therefore, our city and school must necessarily change in order to improve.

But, that does not mean we need radical changes, changes that will tend to disrupt the entire education process at the school and orderly operation of the city.

That is why every citizen in the city and school district must go to the polls Saturday and vote their convictions.

I, for one, hope those convictions show the majority to be for the continued orderly, progressive growth that both our school and city have shown over the past three or four years.

TEXAS INDUSTRY WEEK

. . . is in full swing in Hondo and citizens are urged to participate. It won't require a great amount of effort, just go by the City Municipal Building and view the displays and sign the register. They'll be there until noon Friday.

While you are viewing the displays stop a moment and consider where our city would be if we did not have the industry payroll we have. It would take a big chunk out of our population, our retail establishments, our schools, our churches, our other organizations.

So, on behalf of the people of the town, I want to say "thanks" to all the industries in the area, and of course this means the farming and ranching activities, for they have over the years been the "backbone" of our economy.

Cheer Aiders Report

Friday, March 1st, 8th, 15th, 22nd and 29th, 9:30 to 11:30, we played cards and dominoes. Vol-unteers helping were Eve-lyn Grell, Nancy Raeger, Karen Koch and Judy Winkler. Residents participating were Mrs. Neuman, Mrs. Rica Bohmfalk, Mrs. Owens, Mrs. Love and Mrs. Langford. Playing pitch were Johanna Leinweber, Mrs. Haby, Mr. Tschirhart, Mr. Berry and

Mr. Marquis. Tuesday, March 5th, 12th, 19th and 26th, we had crafts. The first three weeks of March continued working on lap robes then we started a new activity. We are now painting pictures on blocks of wood. Each person will have a nice painting to hang on her wall. Volunteers in charge were Judy Winkler and Evelyn Grell. Residents working on this project are Mrs. Owens, Mrs. Neuman, Johanna Leinweber, Rica Bohmfalk, Mrs. Lenora Bohmfalk, Mrs. Haby and Mrs. J.

Wednesday, March 6th, 13th, 20th and 27th, we held our bingo game. Volunteers in charge were Kay McWilliams, Mrs. Brookshire, Evelyn Grell and Nancy Raeger. Nearly all residents play bingo. Our one special activity for the month of March was on Thursday, March 14th. We brought over the third class of Herman School of Dance Sons which consists of second graders. They performed several dances for the audience. Judy Winkler was in charge of this special event. We do thank dance instructor

Mindful of the fact that I am thus saving 20 cents in postage, I plan to invest the whole sum in purchases made in Hondo and there's not a bit of telling how that might affect the city sales tax totals in the next five years.

Read the ANVIL HERALD's report sometime in

1977 to find out.

I remember when local citizens voted the present city sales tax in April, 1968, having been on the yes-side of the voting. I remember also the for-&-against arguments that preceded the actual

Quoting the growing backlog of certain "rules and laws" covering dubious truths which the laws' originators hold to be self-evident, is one of the fun-things in which many syndicated columnists indulge. Makes for enjoyable reading, too.

"Malice in Blunderland" is the title of a new book which covers such rules. In it, the "Jones Law" decrees: "The man who can smile when things go wrong has thought of someone he can blame it on.

Moral: Keep smiling!

Better dust off the old palm-leaf fans for another go-around. No less an authority than our Texas State Climatologist says that, unless the month of April is very cold, Texas is headed for one of the warmest summers on record.

Because the state enjoyed a mild winter this year, [and saved fuel accordingly] the good old summer time is scheduled to throw a curve to the energy crisis by making things hotter than usual.

Might as well get set to be greeted with: "Is it hot enough for you?".

By happy coincidence, I had a reception committee to greet me on the Tuesday afternoon when I arrived in Hondo. Sally had met me in San Antonio, to where MARIE RICHTER had accompanied her on a visit to see ANNE DAVIS who was still "on hospital duty."

As we arrived at Anne's house to transfer to Sally's car, SIS [Mrs. George] ISLE drove up with her two favorite grandchildren, CONNIE [4], and RONNIE [3] KEILMAN, who volunteered the information: "We been to SUPPER-Sav, that's where we been.

Their mother, MARTY, who had followed in her car explained, "If we are to have supper, a daily trip to Super-Save is almost a must so the kids call it Supper-Sav."

They are the recent winners in the annual essay contest sponsored by MVSCD and are deserving of the good wishes and support of their community.

In January, 1943, in the annual report to the Board of Overseers, Harvard University, James Bryant Conant said this, which applied then and continues to

"Our purpose is to cultivate in the largest possible number of our future citizens an appreciation of both the responsibilities and the benefits which come to them because they are Americans and are free."

My HHS sophomore friends, DOROTHY JONES and JUDY HEILIGMAN are both members of the school's White Band which experienced a bit of a disappointment recently in U.I.L. competition.

When the girls came to see me, I asked them how they felt about it, remembering similar "tragedies" which I had managed to survive in my day.

The girls were unanimous in expressing their reaction. "Oh, at first, it nearly killed us and we nearly died. But, we didn't, and when we settled down to thinking about all the responsibilities our band master has and how he has to put up with all of us to keep us going and eager to improve each performance, we got back to feeling that it takes the school spirit to make any effort a success so we kept going."

Both declared "Of course we think our bands are the best bands in the land!"

Now, take another bow, BILLY HARRELL.

Sunday. Hondo Deanery Women Attend ACCW Convention

Miss Alleen Koch, president of the Hondo Deanery of Catholic Women, attended the San Antonio Archdiocesan Council of Catholic Women's 28th Annual Convention held at the St. Anthony Hotel, San Antonio, on March 23 and 24.

Others who attended were Mrs. Raymond Koch, Mrs. Walter Breidenbach, Mrs. Harold Rieber, Mrs. Linda Ulbrich, Mrs. Ella Bader, Miss Ramona Koch, all of Hondo.

From D'Hanis those attending were Mrs. Louis Richter, Mrs. Robert Rothe and Mrs. Sam Zerr, and from Devine, Mrs. Alex Hitzfelder and Mrs. Joe Vance and the Hondo Deanery moderator, Rev. Wilfred Passchyn.

Photography

Adventures with Your Camera is the latest project in photography that is available to Hondo 4-H'ers. Members visited the University of Texas Medical School where they viewed an exhibit of winning photographs and had one project meeting on getting to know your Wednesday: The Junior camera.

This project is being taught by Mrs. Judy

Glasscock. Members enrolled are Renie Lee Gilliam, Denise Woolls, Kathy and Cheryl Cox, Keith Saathoff, Peter Pope, Melanie Muennink, Brenda Bippert, Terry Foster, Robyn Amberson Muscular Dystrophy. Foster, Robyn Amber Donna L. McGraw and Camille Glasscock.

GOOD COOKS, ALL. . . or that is what this group of Hondo chili gourmets will tell anyone who will listen. And really, they don't have a hard time convincing most people who have tasted their culinary efforts. Take the Chili Supper for John Poerner for instance. These men prepared the chili and beans and got rave notices from those who ate it. Their outstanding chili was responsible for such comments as made by Bert Zausmer, vice president of Brooks, Johnson, Zausmer Advertising in San Antonio: "Your Poerner kickoff campaign in Hondo was a delight to attend." The nice thing about this group of men is that they are ready to cook at the drop of the hat and have done so for many community events. So, a tip of the hat to them not only for the Poerner event but for all they have done in the past-David McGraw, Fred Johnson [tasting], Russell Tabor, Lloyd Hermes, Lester Boehme, Dooley Eckhart, Hunter Schuehle and Les Schumann. To three visiting for-

eigners from these countries who are among a group presently attending the Air Force Foreign Language School at Lack-land AFB, many of our Texas place names must sound equally strange. Take Quihi, Bug Tussle, Waxahachie, Seguin, to name a few.

On second thought, don't even try to take them. "Leave em lay" as we Texans often remark, unmindful of any grammatical sins involved.

It was my privilege and pleasure to have met the following gentlemen "ambassadors' from their respective homelands, and I must apologize if I have mispelled any of their names. My pen is not too well versed in their language which it tried to

Baseball team even at 1-1 in district play

After a long, sometimes tough week of baseball, the Hondo Owls are evenup in district play with a 1-1 record.

Dispatching Uvalde 4-2 Thursday, the Owls were downed Saturday by Devine in their district debut 12-11.

Monday night Uvalde gained revenge with a 17-5 victory and Tuesday evening the Owls shut out district rival Carrizo Springs 4-0.

Winning pitcher was Richard Moore, while Tony Muniz took the loss for Hondo.

Uvalde lowered the boom on the Owls Monday night after Hondo held a comfortable 5-1 lead going into the fifth inning.

Uvalde not only scored eight runs in that inning, they added eight more in the sixth to eventually win

Raul Dominguez and Simon Arcos managed a good night, pacing the Hondo attack with three hits apiece.

CARRIZO

Tuesday night at the Hondo diamond things were a little different. Though Bob Spears' control problems caused Carrizo Springs to threaten in the first and seventh inning, they never scored and Hondo evened their loop record at 1-1 with a 4-0 win.

Spears struck out three while walking six to take the victory. Losing pitcher was Barrajos, who struck out 11 Owls and walked three.

A big three-run third inning saw Steve Mueller, Simon Arcos and Mike Groff score for Hondo and David Knowles added another run in the fourth. Mueller and Arcos each

TIPS ... OUTDOORSMEN

Equalizing Gas Supply Wise boat owners who equip

their large runabouts with high-powered, twin-engine outboards usually carry at least two spare tanks of gas—both ready for instant change.

Even wiser boat owners stop the craft after some 10 minutes out and substitute a fresh fuel tank for one of the active partially-emptied ones.

Reason is so that both of those big engines will not exhaust their gas supply at one and the same time, die simultaneously, and thus cause 100% loss of full powerinstanter.

Don't say this will never happen, because it has-and there's no chill like the fear of an oncoming wake rolling over the transom of a fast moving outboard that's suddenly stalled in the middle of the lake. Only other preventative is

to stop after a short time out and add some gas to one of the active tanks-and only one -so as to maintain an unbalanced supply to the fuel line. Then only one engine at a time will lose its exhaust. The other will continue to furnish forward motion-thus to minimize the danger of swamping the boat.

Just remember that a speeding boat rides the crest of the waves. The faster it travels the shallower its trough. On the other hand a suddenly the water and its trough dips | rust.

TIPS FOR OUTDOORSMEN

Equalizing Gas Supply

Wise boat owners who equip their large runabouts with high-powered, twin-engine outboards usually carry at least two spare tanks of gas-both ready for instant change.

Even wiser boat owners stop the craft after some 10 minutes out and substitute a fresh fuel tank for one of the active partially-emptied ones.

Reason is so that both of those big engines will not exhaust their gas supply at one and the same time, die simultaneously, and thus cause 100% loss of full powerinstanter.

Don't say this will never happen, because it has-and there's no chill like the fear of an oncoming wake rolling over the transom of a fast moving outboard that's suddenly stalled in the middle of the lake.

Only other preventative is to stop after a short time out and add some gas to one of the active tanks-and only one -so as to maintain an unbalanced supply to the fuel line. Then only one engine at a time will lose its exhaust. The other will continue to furnish forward motion-thus to minimize the danger of swamping the boat.

Just remember that a speeding boat rides the crest of the waves. The faster it travels the shallower its trough. On the other hand a suddenly powerless boat drops low in water collections and possible the water and its trough dips | rust.
